A 12-week online collaborative readiness program led by Fortune 500 CISOs and peers who deliver their proven frameworks and insights on how to lead and secure a network and an organization – protecting data assets and the enterprise brand. This program coaches participants on what it means to think and act as a cybersecurity leader.

Module 1: The Security Leadership Mindset

Program overview focused on what it means to think and act as a cybersecurity leader.

Module 2: The Art of Security Intelligence

Learn how data security professionals can best obtain, use, and distribute threat intelligence.

Module 3: The Balance Between Security & Innovation

Establish a mindset that embraces innovation and looks for ways to consistently simplify complexity.

Module 4: Security Change Management

Learn to be a change agent and use change practices to address and overcome security challenges.

Module 5: Positive Leadership in Security

Develop positive leadership practices to achieve positively deviant organizational outcomes.

Module 6: Collaboration and Negotiation

Apply Mutual Gains Approach and leverage collaboration necessary to provide satisfying outcomes and enhance relationships.

Module 7: Security Communication

Adapt practical and meaningful useful techniques for how IT security leaders can communicate within and outside of the organization.

Module 8: Relationship Management

Create and execute the steps to build strong professional relationships and form key strategic partnerships.

Module 9: Security & the Network of Things

Use your network to aid in developing and maintaining an effective risk management strategy.

Module 10: Your Changing Role in Security

Apply techniques for learning and adapting as a cybersecurity leader while establishing a clear leadership philosophy.

Module 11: Simulated Cyberattack

Foster development and alignment within cybersecurity individuals and work teams through drills, training, and war games.

Module 12: The Power of One

Communicate how your value as a cybersecurity leader directly impacts the long-term success of the enterprise and beyond.

Graduation: August 1st

"This program delivers several valuable tools whether you are an aspiring leader or have been in your roles for significant time. The tactical, leadership and most importantly relationship building skills will serve you well throughout your entire career. Most importantly I think that as you progress through the program, you can immediately put into action the lessons you just reviewed and see instant results. Which means your team, company and network also get to reap the benefits that you are learning along the way."
